

Treasures from a walk

This activity encourages observation and collection of objects along a walk which interest the collector.

You will need: a piece of cardboard with a strip of double sided tape attached to it.

Before you start your walk, stick a piece of double sided tape onto a rectangle of card.

Carefully peel off the second layer during your walk and add anything interesting for example: petals, seeds, leaves, bark.

Try making collections on different strips, for example:

Anything green? Leaves? Seeds? Or perhaps try a rainbow of colours?

If your card strip is long enough, you could make it into a bracelet or crown.

Take a photo of your treasure card and send it to us via
